

Pixa 2

Petzl

Licht specificaties

	High	Low
 Lumens	80	20
 Runtime	3h 30 min 26h	
 Beam distance	55m	25m
 Water resistant	IP67	

Kleuren

black/yellow (E78BHB 2)

Power

2 x AA Alkaline (incl.)

Gewicht

160gr

Certificering

ATEX Zone 2/22 certified headlamp

Overview

Description

Headlamp keeps hands free for work and can be:

- worn on the head with the headband
- attached to the helmet with a mounting plate (included)
- placed on the ground

CONSTANT LIGHTING technology ensures brightness that does not gradually decrease as the battery drains

Several lighting modes adapt to each situation:

- low-intensity mode adapted to close-range work: mixed beam with a wide, uniform flood
- high-intensity mode adapted to movement: mixed beam with focused component allows user to move around comfortably

Lighting for professionals that is reliable, practical and durable:

- automatically switches to reserve mode when batteries are almost drained (signaled by blinking light)
- rotating knob that is ergonomic, even with gloves
- storage position helps protect the headlamp lens and prevents inadvertently turning it on
- may be used in explosive environments
- excellent resistance to falls (2 m), impacts, and crushing (80 kg)
- comfortable and washable elastic headband
- resistant to chemicals (see www.petzl.com/PIXA)
